Profile

I am a Business Information Systems student with a strong passion for front-end development. I focus on transforming ideas into seamless and interactive user experiences by designing and building modern web applications. I am always eager to enhance my skills and explore new technologies.

Education

Business Information Systems, 10/2022 – present
Delta Higher Institute Management & Accounting Information Systems

Projects

CHRONO, *Luxury Watch E-Commerce* 🌐 2025 – 2025

CHRONO is an e-commerce platform offering a curated selection of luxury watches from top global brands. The site provides an easy and secure shopping experience, allowing customers to browse and purchase premium timepieces with ease.

La Maison Restaurant, *Interactive Restaurant Website* 🌐 2024 – 2024

Developed an interactive website for *La Maison Restaurant* to showcase the best food options and dining experiences. The platform provides comprehensive details about the menu, daily specials, special offers, and restaurant location. It also features an online reservation system, allowing customers to book tables easily.

Starbucks Coffee Company, *Responsive Starbucks Homepage Replica* 🌐 2024 – 2024

Developed a responsive replica of the Starbucks homepage using HTML, CSS, and JavaScript. The project demonstrates strong skills in building visually appealing and user-friendly web pages, with a particular focus on layout, responsiveness, and interactive elements.

The design closely follows Starbucks' branding guidelines to deliver a clean, modern user experience across various devices and screen sizes.
